

Passenger & Freight Traffic  
**Regional training workshop**

Bucharest, 10&11 October 2017

## Invitation

**The International Rail Transport Committee (CIT) has great pleasure in inviting the staff of CIT member railways from**

*Albania, Azerbaijan, Bosnia and Herzegovina, Bulgaria, Czech Republic, Croatia, FYRO Macedonia, Greece, Hungary, Montenegro, Poland, Romania, Serbia, Slovenia, Slovakia, Turkey, Ukraine and other interested countries,*

**to the CIT regional workshop to be held in Bucharest on 10 & 11 October 2017.**

This workshop provides an opportunity for the railway companies - members of the CIT from the countries of the Balkan region and Central Europe to receive first-hand training in international rail transport law. It is opened to all members of the staff dealing with issues related to international transport law in freight and passenger transportation.

### Main Goals of the workshop

The main goals of the workshop are:

- presentation of CIT's main activities, achievements and on-going projects in the area of international freight and passenger traffic;
- transmission of know-how and enhancement of knowledge of international transport regulation for freight and passenger traffic;
- deepen the knowledge of the CIT products.

The workshop will also offer good opportunities for networking, allowing participants to discuss unclarified issues from the daily business.

### Overview of the workshop

During the first day session, after a general introduction of the legal developments on the level of COTIF and the EU participants will be subdivided into two groups (passenger and freight) and presented with an overview of the specific developments in freight or passenger legislation and the corresponding CIT products.

On the second day, the two groups dealing with freight and passenger issues will receive a detailed presentation on the newest achievements and on-going work related to the CIT products. The session will offer ample opportunities to discuss open questions and legal problems related to international freight and passenger traffic.

The last common session will be dedicated to the legal issues related to the use of infrastructure followed by concluding remarks and the distribution of the participation certificates.

### Target audience

The training workshop is tailored for employees of CIT member railways from the region who deal with transport legislation issues and apply CIT products in freight and passenger traffic.

You may also forward this invitation to your colleagues, who might be interested in these topics. Please register by **15 September 2017** by using the electronic form attached to this invitation. For any question, you may contact Mrs Katja Siegenthaler ([katja.siegenthaler@cit-rail.org](mailto:katja.siegenthaler@cit-rail.org)).
